

Matheus Vaillant

JavaScript Web Developer

Hello!

I'm Matheus Vaillant, a web developer based in Lisbon, Portugal. I enjoy creating things that live on the internet, whether that be websites, applications, or anything in between. My goal is to always build products that provide pixel-perfect, performant experiences.

Skills

- HTML5 / CSS3
- Sass
- JavaScript ES6+
- ReactJs
- Bootstrap
- Firebase
- APIs, JSON
- NodeJs

- Figma Design
- Materialize, Tailwind

- Express
 - MongoDB
-

Languages Spoken

- English (C2)
- Portuguese (Mother Tongue)
- German (C1)
- Spanish (B1)

Projects

CoronaInfo App (Real time Map & Chart)

Covid-19 tracker with the latest data. Built with ReactJs using the [Disease.sh](#) API for external data

Link to the live project: [CoronaInfoApp](#)

Netflix Clone

Netflix Clone built with React Js (React Youtube + Movie Trailer) & Firebase. Users can click on the movie and watch its trailer just like in the real Netflix App. The app is fetching data from the external API The Movie DB

Link to the live project: [NetflixClone](#)

True Love Tattoo Shop

Landing page in ReactJs + [Tawk.to](#) Embedded for real-time customer support

Link to the live project: [TrueLoveTattoo](#)

MyQuote

Full-stack (CRUD) application that uses Handlebars.js, Node.js, Express, MongoDB, Passport & Google OAuth

Users can post, delete, edit and comment on other quotes. They can follow other users and they have their own dashboard.
