

Matheus Vaillant

JavaScript Web Developer

Hello!

I'm Matheus Vaillant, a web developer based in Lisbon, Portugal. I enjoy creating things that live on the internet, whether that be websites, applications, or anything in between. My goal is to always build products that provide pixel-perfect, performant experiences.

 - Sass
 - JavaScript ES5, ES6+
 - React
 - Redux
 - Bootstrap
 - Git/Github
 - Firebase
 - APIs, JSON
 - NodeJs

 - Figma Design
 - Materialize, Tailwind

 - Express
 - MongoDB
-

Languages Spoken

- English (C2)
- Portuguese (Mother Tongue)
- German (B2)
- Spanish (B1)

Projects

CoronaInfo App (Real time Map & Chart) - 01/2021

Covid-19 tracker with the latest data. Built with ReactJs using the [Disease.sh](#) API for external data

Link to the live project: [CoronaInfoApp](#)

Netflix Clone - 10/2020

Netflix Clone built with React Js (React Youtube + Movie Trailer) & Firebase. Users can click on the movie and watch its trailer just like in the real Netflix App. The app is fetching data from the external API The Movie DB

Link to the live project: [NetflixClone](#)

Nasa Now - 02/2021

Nasa media App using Nasa's API for pictures and the APOD API - Built in React

Link to the live project: [NasaNow](#)

SpokenLang - 3/2021

App for my English students to easily study over their PDF's with audios.

Course built in React Js using Firebase for the backend and Authentication

Link to the live project: [SpokenLang](#).
